

SupplyManager Trusted Sites & Whitelist

Overview

McKesson SupplyManager is adding external IP addresses for our web servers and associated system components as part of our continuing efforts to enhance our security, system functionality, stability, and performance. The changes could affect customers using firewall URL or IP filtering to limit access within their networks or managing browser settings.

Instructions

Please make the appropriate URL and/or IP access modifications to your firewalls to avoid any issues with accessing McKesson SupplyManager components.
